Lawrie advised of **Upcoming Events:**

Dec.5/6/2014 – Detroit Parrot Head Club party weekend – Boat Drunks (band entertainment)

Looking at having a club Halloween party Oct. 24<sup>th</sup> which would be our 4<sup>th</sup> Phriday at the Bull.  
Discussed not having it on the 31<sup>st</sup> as so many would want to be home to give out candy/some members have small children/grandchildren etc.  
Will be looking at finding band for that night.

Bill (aka Nigel) suggested our club involvement with the Waterdown Santa Claus parade in November.  
Dates had to be checked and followed up on. (See below for how that worked out!)

Much discussion regarding having our April In Parrotidise party again next year. It is a lot of work and since nothing has been negotiated with the Holiday Inn, if we did go ahead it would be on a much small scale. Therefore, it was recommended by our President that he puts it out to the membership to see what they think and also would need commitment regarding helping plan the event and work on committees etc. Lawrie will be putting this out to the members shortly.

Reminder will go out soon to members re membership renewal coming up. Helpful if we know who is planning to renew.

Advised Mary some tags for newer members required.

For: Kate Robinson; Dan and Lori Bouchart.

She will try and get them done for next weekend.

Was brought to our attention that one of our members (Jake Fisher) wondered who might be interested in starting a dart night. More discussion needed on this and what exactly Jake had in mind.

**Other Miscellaneous Phun Information:**

Bill Morrow now has the title of Director of Habidashery! Not sure where we're going with that but will keep you posted!

Lee Schildroth (Trevor B.'s girlfriend) With regard to the Santa Claus parade mentioned above, Lee showed great initiative and as we talked about the possibility of doing this, she googled and found the date and info required to be in the parade. Seeing how she did such a great job, she now has the title of Assistant Secretary! See Lee, how quickly these things can happen!!

What we're looking at is Bill driving his famous dune buggy with his trailer hitched behind and a bunch of crazy parrot heads along for the ride. Will keep you posted on this. Date for the parade is Nov. 29<sup>th</sup>. Our Club will have to register on line by Nov. 28<sup>th</sup> if we plan to be in the parade.

Our entertainer tonight at the Black Bull was Tyler Forkes who did a great job singing Buffett tunes for us. The staff at the Black Bull always go out of their way to treat us right...we held our 50/50 draw and that went really well. One gentleman bought \$50 worth of tickets....unfortunately he didn't win!!

No other business ...Meeting Adjourned at 9:00 p.m.
